Thus, you must put in maximum effort to see results. Prizes and recognition will be given to students making improvements in their reading.
6. If you do not have a computer, iPad/tablet or internet access at home, you can complete these assignments at a relative or friend's house. Additionally, you can go to the public library, use the school's library during lunch, or use a computer in your BRAG teacher's classroom when we are finished early in class one day or if you finish early in another class. *Not having a computer, iPad/tablet or internet access at your home is not an excuse for not completing these assignments.*
